

## Monmouth Housing Survey

The United School District has been asked to take part in a housing study for the city of Monmouth and Warren County. Therefore, we are distributing the following on behalf of the city and the researchers from Northern Illinois University that are completing the study. If you are able, please complete the survey that they have included in the link below. If you don't have access or aren't willing to do the survey on line, paper copies are available at the United CUSD 304 District Office located at United High School. Thank you.

*The City of Monmouth is planning for the future housing needs of the community. As someone living or working in the Monmouth area, your thoughts will be helpful as the City considers what kinds of housing are desired and what other actions could help the city of Monmouth better meet your needs as a place to live. Please go to the following link to complete the survey*
